

Welcome to the Arizona Wildcats!

This year will be a great adventure! We have a great group of teachers ready and excited to get started!

Here are your subject experts:

English: Kimberly Kreseski , Maura Basso, Martha McHenry

Math: Alexandra Webb, Jessica Scott

Science: Caitlin Johnson, Kim Atias

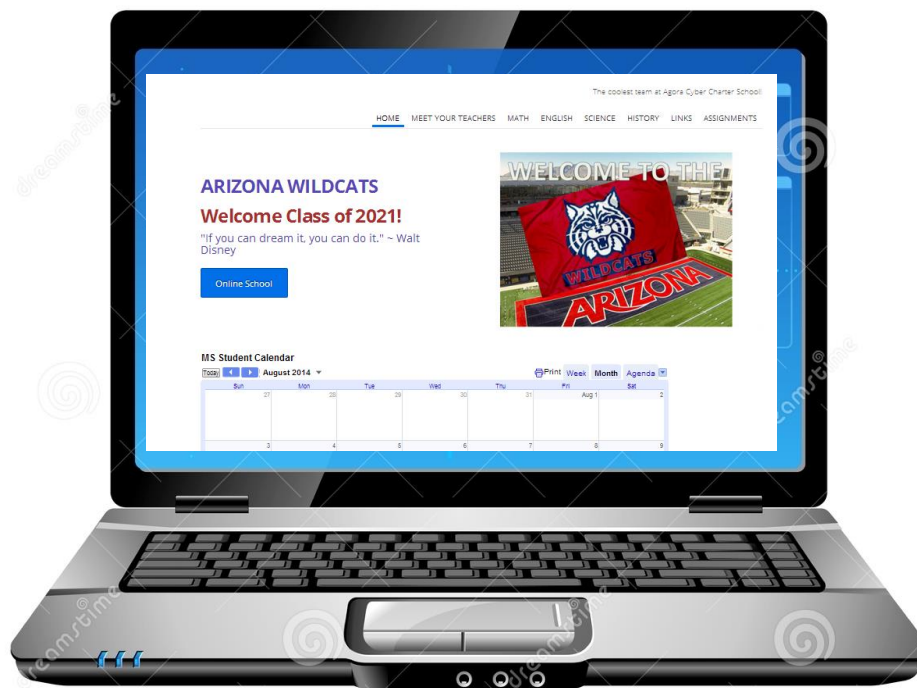

History: Valerie McCarthy, Mary Kay Pronio

To find out more about your awesome teachers - you can visit our team website at:

<http://wildcats6.weebly.com/meet-your-teachers.html>

This website is also your GO TO GUIDE for each subject, announcements, calendars and more. Please be sure to check it out each day for new information and resources.

Here on the **Wildcats**, we strive for success. In order to achieve that success - we have a few tips and expectations for you to learn and follow:

1. Attend all live sessions ON TIME and until dismissed.
2. Ask for help. We are all in this together!
3. Turn in your assignments on time.
4. Check your kmail twice daily at a minimum (it is best to check it before classes start each day and at the end of the day when you are finished with your sessions and ready to log out to make sure you know what is expected of you for the evening and next day.)
5. Check Sapphire regularly to stay on top of your grades.
6. Complete all assignments and tasks - be sure to ask if you are not clear on anything!
7. Attend all help sessions, 1:1 sessions, Progress Monitoring and anything else that appears on your daily plan- if it is there - it is important!
8. Do your best each day. **"Believe you can and you're halfway there"** Theodore Roosevelt
9. Always remember – This is YOUR team, YOUR classroom, YOUR education! We need YOU to make it complete!!!

We can't wait to meet you. Be on the lookout for more great things to come!
